You can talk to us.

It is never your fault if a grown up is hurting or upsetting you on purpose. You are not alone. Ask for help, you don't have to sort it out yourself.

Always tell a trusted adult if someone is hurting you, saying unkind things to you, touching you in places that are private, scaring you or making you worry.

Always tell a trusted adult if you see things that upset or scare you in real life or on a screen, if you don't have enough to eat, if you're cold or can't sleep at night or you are left on your own.
