Dear Parents/Carers,

Buxton Infant School is committed to providing a child-centred, high quality, creative education to all the children who attend our school. We believe that all children, including those identified as having special educational needs, have the same entitlement to a broad and balanced academic and social curriculum, which is accessible to everyone. We are committed to ensuring that ALL children are fully included in all aspects of school life.

We ensure that all children are equally valued in school and strive to eliminate prejudice and discrimination, and aim to provide an environment where all children can flourish and feel safe. No stone is left unturned to ensure that each and every one of our children is supported to reach their potential.

We are proud of our reputation as a highly inclusive school and believe that educational inclusion is about equal opportunities for all learners, whatever their age, gender, ethnicity, impairment, attainment and background.

Part of the school's strategic planning for improvement is to develop cultures, policies and practices that include all learners. We strive to develop a real sense of community and belonging for all our children and their families.

Part of ensuring that every child has access to the teaching and opportunities which they need to progress; involves getting to know every child individually. Equality does not necessarily equal equity and we will not always treat all learners in the same way. Instead we will respond to children in a variety of ways that take account of their varied life experiences and needs.

The information report below describes the way we aim to meet the needs of children who experience barriers to their learning, which may relate to sensory or physical impairment, learning difficulties or emotional or social development, or may relate to factors in their environment, including the learning environment they experience in school.

Please get in touch with us if you would like to discuss your child's individual needs.

Best wishes,

Jude Boyd, Headteacher and Sarah Cafferky, SENCO (Special Needs Coordinator)
